What is RFL Foster Family Agency?

Ready for Life FFA, is a Redding-based Foster Family Agency with over 20 years of experience, founded because of one family's compassion for children and the families who care for them. Ready for Life FFA, a private non-profit, faith-based agency has been committed to providing safe and loving homes for children in Northern California, including Shasta, Tehama, Trinity, and Siskiyou County.

What is RFL Host Homes?

RFL Host Homes is an innovative, grassroots approach to addressing our community's homelessness crisis. Host Homes focuses on prevention and intervention before homelessness becomes a lifelong problem. We identify families or individuals in Shasta County who have space to temporarily house a young adult (age 18-24). This Host Home provides a safe, welcoming space for up to six months while the young adult eliminates barriers towards long-term housing.
